

Waterproof IP67

360° Rotation

ETFE Protective Coating

23.4% efficient conversion rate

6W Power

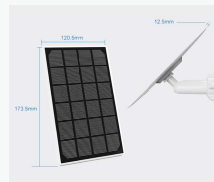

Mount Bracket and Cable Included

The 6W solar panel is the perfect solution to keep your outdoor devices that recharge via a USB-C . Charging Efficiency up to 23%.The solar panel can obtain uninterrupted and stable power. Only a few hours of direct sunlight every day would keep your security camera, flood light, smart doorbell or 5W core devices charged around the clock.

With 360 degrees rotation you can setup and angle the 6W mini-Solar Panel in any location guaranteeing to capture them peak sunlight hours.

Our portable solar panels are built to handle any range and all surroundings, wet, dry, dusty, or humid. IP67 waterproof rating and a protective ETFE film, our solar cells charge even during rainy downpours. Working conditions -20°C to - 48°C The Solar panel is great for outdoor use.

### Compact

Ideal for outdoor living, Camping, RV adventures.

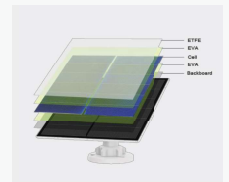

### Adjustable

Rotate freely to the correct angle

### Function

Easy to mount for all applications.

### ETFE

Technology to match the demands of the market

#### PRODUCT SPECIFICATION:

Model	PNS6W
Rated Power	6W
Power Voltage (@STC)	4.5V
Working Current (@STC)	1.11A
Operating Temp	-20.5° C to 48.5° C (-5° F to 120° F)
Cell Type	Mono Solar Cell
Cell Efficiency	23%
Dimensions	199 x 173 x 12.5mm
Weight	0.29kg
Connector Type	USB-C
Cable Length	3M
Waterproof	IP67

**POWERNATION**

Product code:  
PNS6W

EAN code: Retail Box - 1 unit  
Dimensions: 19.48x16.88x0.26CM(LxWxD)  
Weight: 0.29Kg

Unit Product with inner box  
Dimensions: 22x18.3x4.4CM(LxWxD)  
Weight: 0.39kg

Unit Carton  
Dimension: 51.5x45.0x38.5CM(LxWxD)  
Weight: 18kg
